## PROFESSIONAL INFORMATION

I'm a front-end developer with strong skills in HTML, CSS, and JavaScript. I have experience in React and a focus on accessibility and usability to enhance the user experience. I stay up-to-date on the latest trends and technologies in web development to create effective and high-quality websites.

## EXPERIENCE

### POKEDEX

Pokedex is an interactive and dynamic web application developed using React, HTML, and CSS, which utilizes react-router-dom to handle navigation and integration of an external Pokédex API to obtain detailed information on different Pokémon.

### Used technologies

[PROJECT](#)

[GITHUB](#)

### RICK AND MORTY

The Rick and Morty API is an interactive and engaging tool for "Rick and Morty" fans, which uses the aforementioned technologies to display detailed information about the characters from the TV series obtained through an external API.
